

12 Days of Winter Break

Fake Snow

What You Need:

- 1 cup baking soda
- foaming shaving cream
- container with a lid

Photo from mombrite.com

Instructions:

1. Pour baking soda into a container with a lid.
2. Add some shaving cream to the baking soda and mix it with your hands.
3. Keep adding shaving cream and knead with your hands until the mixture is the consistency of snow.
4. The mixture will become light and powdery.
5. Add more baking soda and shaving cream if you would like a larger amount of fake snow.
