

12 Days of Winter Break

Snow Painting

What You Need:

- liquid food coloring
- cold water
- squeeze bottle or spray bottles

Photo from craftymorning.com

Instructions:

1. Squeeze several drops of each food coloring in a different bottle.
2. Fill up with cold water, not too fast or it will bubble over.
3. Tightly place the lids back on and wipe down the bottles.
4. Take them outside and get creative!
