

15 Days of Winter Break

Make Your Own Puzzles

What You Need:

- craft sticks
- washi tape or masking tape
- pencil
- ruler
- black marker pen
- paint or marker pens

Instructions:

1. Line 12 craft sticks up in a row. Secure the sticks in place with two strips of washi tape.
2. You can number each stick if you like, depending on how hard you would like your puzzle to be.
3. Next, draw geometric lines across your puzzle with a ruler or draw whatever image you prefer.
4. Paint or color your design.
5. Once your design is dry, flip the puzzle over and carefully remove the tape.
6. Now you can play with your puzzle!
