

15 Days of Winter Break

Snow Monster Tracks

What You Need:

- cardboard
- marker
- scissors
- string or yarn

Photo from frugalcouponliving.com

Instructions:

1. Flatten a cardboard box and trace what you think a snow monster footprint might look like.
2. You or your grown-up can carefully cut out the footprint.
3. Put two holes through the cardboard and lace the string or yarn through them.
4. Put on your snow boots and snow clothes.
5. Once outside in the snow, tie the footprint to your boots.
6. Can you notice your tracks as you walk around the snow?
