

15 Days of Winter Break

Pom - Pom Painted Snow Globe

What You Need:

- mini pom-pom
- clothespin
- paint
- toilet paper roll or cardboard tube
- cardstock, scrapbook paper, or construction paper
- scissors

Photo from twinmomrefreshed.com

Instructions:

1. Cut the end off the toilet paper roll and decorate to make the base of the snow globe.
2. Cut two slits at the top of the base. One on each side to hold your globe.
3. Cut a large circle out of the paper.
4. Grab the pom-pom with the clothespin and use it as a paintbrush to make your design.
5. When the paint has dried, insert your decorated circle into the base to complete your snow globe!
6. Alternatively, instead of painting a design, cut out paper shapes and glue on the paper circle to make a design.
